Gallery Wraps

Fine Art Canvas

Gallery Wraps are a great way to show your prints that offer premium products with superior quality.

Gallery Wraps image are printed large enough to tension stretch around the sides of the 1 ½" wooden stretcher frame to complete the "wrapped" look. The staples are on the back of the print rather than the sides. Metal hangers and bumpers are attached to the back making it ready to hang.

All Gallery Wraps are printed directly onto the canvas and then luster coated to prevent scratches from normal handling and to give it UV protection. This is included in the price of the Gallery Wrap.

Metal Prints

Metal Prints provide a durable, edgy presentation sure to excite the wedding couple or high school seniors. Their modern appearance finds favor with many individuals wanting to stand out among their friends. The Metal Prints have square corners with the option to upgrade to rounded corners for a different look. You can choose to add a float block to the back which will hold your metal print 1" away from the wall.
